

BRIDGEPORT CONTINUES TO GROW

AND WILL CONTINUE

Miller & Jordan, Continue to Offer to Her People Well Located Property.
They Have Just Purchased That Splendid Tract of All Meadow Land on the South of Stratford Avenue on South Avenue.

Take Stratford Ave., car to South Ave., there you are with city water in the street, nice new houses going up, the best trolley service out of the centre. Go and look this property over :

Saturday Afternoon or Sunday

AGENTS WILL BE THERE TO SHOW AND GIVE INFORMATION.

Now what sense is there in going miles out of town to buy property, where you are promised everything and get nothing. This property is about thirty years ahead of anything being boomed in the newspapers for the past few weeks. We are not booming, but just giving the people of Bridgeport and surrounding towns the best located property ever offered at extremely low prices and on the easiest of terms. Everything is right there, trolley service, city water, fine residences, churches and schools. Why not go and see for yourself. Come out Saturday afternoon or Sunday. What is the use of buying where those improvements are only promised, why not buy where they are, then you don't have to wait. Particularly when you can buy at a lower price and on terms to suit yourself.

Another important point is we own the land we are selling. We are not selling for others. We personally sign every deed and guarantee the title to every buyer. There are no mortgages or liens on our property. Everything is free and clear which the records show. It has become an open secret that the East End is about to become a great manufacturing section and this new tract known as "Silver Meadow," is only about ten minutes walk from the two sections of property which have just been secured for manufacturing purposes and employers of high class help. So don't put it off, get there Saturday or Sunday or call at the office any day and a salesman will go with you and show just what we have, no matter if you have bought in other places, just keep looking around, if you got stuck the sooner you find it out the better, and stuck you are if you went too far out when you could do

better close to the center. We have property in about every section, all nice land and centrally located.

This week we are going to introduce "Silver Meadow," for the first time, to the thrifty people who have inclination to put a dollar away for a rainy day. So just take any car in the city, transfer to Stratford Avenue car, ride to South Avenue. The approach to this property is a fine, nice, large, well made seventy-five foot street. No undesirable neighborhood to pass through where you would be afraid to go home in the dark. We own on both sides of the street on South Avenue, where you can have your choice. If you have bought elsewhere or if you are owners of property in other locations and you wish to exchange, come and see us. The land is ours and we can sell, swap, or give away. We will suit you if we possibly can. Give us a call on the property or at the office of

 Bridgeport at New Britain.
 New Haven at Waterbury.
 Springfield at Holyoke.
 Hartford at Northampton.

In New Britain today.

Looks like the fourteenth postponement.

Yesterday made the thirteenth. If that rush keeps up there will be nothing but double headers at the windup of the season.

The first double attraction of the season here will be played on Saturday when the Holyoke Papermakers will be here for two games. First game called at 2:30.

Manager O'Rourke completed arrangements to-day for the appearance of the Chicago White Sox at Steeplechase Island Sunday. Included in the Sox line up is Pat Dougherty, Dave Altizer, Ed Walsh and Eddie Tamm, all former Connecticut League players, who will receive a big welcome from the local fans. This is the first time that the White Sox have made their appearance in this city.

Under the direction of Manager

O'Rourke the force of workmen at Steeplechase Island have been busy putting the finishing touches on the island diamond. The lay out and the angle of the field has been relaid, while a steam roller has been busy all week smoothing up the soft spots. Everything will be in condition for Sunday.

Paul Watchob has been taken on for a time by Manager O'Rourke, or until Koeber's injury has bettered. Watchob was let go by Springfield as he could not hit, but as a catcher he was some noise.

Bill Hanna thought he had landed Andy Herbst, but according to the New Haven papers Herbst has signed up with the Undertakers. Hanna had a verbal agreement with Owner Cameron over Herbst. Cameron's terms being accepted. Now Hanna is hot under the collar and threatens to make Cameron live up to his agreement. Bill gave out the notice of his signing Herbst to the New Britain papers.

If the baseball managers of the country were asked to instance the adjective degrees the unanimous reply would be: April, rainy; May, rainier; June, rainiest.

National league magnates better take heed or the Pittsburgh Pirates will be so far away from the seven other clubs during the summer months that the gate receipts will begin to show a big slump. The Pirates are now 100 points to the good. Somewhat different to the Boston totals, that team having won 12 out of 41 played.

New Britain with the veteran Tom Lynch at the helm will pay us another visit at Newfield to-morrow. Manager Hanna has now gathered a bunch of ball players about him, having gotten rid of the dead material.

AMATEUR BASEBALL

Sunday morning at Brooklawn the D. E. McNamara baseball club will meet up with the Villa baseball team, a fast, clean game no doubt resulting. The McNamara clerks have been making quite a name for themselves in baldom this season, having put away a number of good teams. The game will be called at 10 o'clock.

The Centrals would like to hear from the Lenox A. C. or the Eagles for a game for Sunday. Answer through the Farmer.

Any 14-15-year-old team in the city without a game for Sunday can be accommodated by taking on the Soundviews on any grounds.

The challenge of the National Juniors for a game Saturday at Seaside Park has been accepted by the Young Bridgeports. Game at 2:30.

Jennings Brothers team have an idea that they know how to play the game of baseball and desire to take on the Eagles for Sunday morning at Brooklawn at 9:30 o'clock.

The Benham A. C. challenge any 16-17-year-old club in the city for a game Sunday at Brooklawn.

 The strong Oriole team will play the North Ends Sunday afternoon at Wheeler's lot at 3:15.

Pop Moran of the Park City league has no change of getting Jack Gallagher away from the West End Boys' club this year for they are sure winners.

It's funny the St. Charles are the only ones who know anything about that cup which is put up for the winner of the league. Pop Moran wants to get busy and tell some of the managers very soon or he will be left in the dark for a while.

A new manager is needed in the West End Boys' Club team, one that understands a game and one that can keep a cool head while the team is

"KETCHELL WILL BEAT JOHNSON TO A PULP"

Declaration Made Today by Jack O'Brien Who Has Tried Out Both Fighters.

(Special from United Press.)

Philadelphia, June 10.—Stanley Ketchell, the Montana cowboy, is the big factor in the pugilistic world to-day. His defeat of Philadelphia Jack O'Brien in less than three rounds last night has made him the favorite here for the fight with Jack Johnson. Both men have been seen in action in the same ring and to-day those who attended the bouts declare that Ketchell has a much harder punch than Johnson, that he is very much faster and that the flat-footed style of the negro champion would make him a comparatively easy mark for the western man.

"Ketchell will beat Johnson to a pulp when they meet in San Francisco," declared O'Brien to-day. "I have tried out both men and I want to say right here, no more of Ketchell for mine. He surprised me and he has improved wonderfully since I met him in New York. He is the hardest hitter I ever met. I thought I had a chance to win until he got to me with those body blows and then it was all off. Here is what will beat Johnson. He cannot stand stomach punishment and in that he is not alone. Walcott, Gans, and several others are the same way. A body blow from Ketchell is worth half a dozen to the jaw. Every punch he starts has the knockout labelled in it but fortunately most of them missed. I am free to confess now that I would sooner have a roof fall on me than to act as the receiver for many of Ketchell's blows. I was sorry last night that the referee stopped the

fight but I know better now that I have had a chance to feel the effect of the punching I got."

O'Brien put up a game fight but he was outclassed from the start. For the first time in any of his fights Ketchell showed speed direct from the go-in. He was after O'Brien like a flash when the latter tried to get away from him after the initial sparring and he rained a fusillade of rights and lefts to the body of the Philadelphian. As a matter of fact, Ketchell saved O'Brien in the second round and when he came up for the third he was so dazed he did not know what he was doing. A shoving left hook to the stomach had taken all of the ginger out of the local man and he was very pale while there was little of the shifty fighter in his approach then. The third round lasted less than a minute. O'Brien reeled and floundered about the ring and Ketchell sent him down with a blow.

O'Brien was all but put over the place. O'Brien was all but put over the place. O'Brien was all but put over the place.

Sitting in his corner before going back to his dressing room, Ketchell said: "I knew I could whip O'Brien in less than six rounds. I fought him just as I planned. He couldn't withstand my rushing tactics and was beaten from the first round. I am more confident than ever that I can whip Johnson. The negro's poor showing against O'Brien convinces me of this."

The attendance was 3,500 and the receipts, according to the officials of the club, were \$6,500.

Buckley, the former National star; Mike Smaling of the Yost Industrial League team, who is due for higher classes; Pete Verelle, who led the St. Peters to the championship in the old City League; Tom Lannon, formerly with the Nationals and a former actor; Jack Quinn, the former Sacred Heart crack; Mike Galvin, whose batting and fielding has come to the attention of the Cape No. 2 team of the Industrial League, having signed with that team; "Rocky" Farrell, former big leaguer; and Robinson, Bowden, Jack Lannon, O'Day, and Finnerty, all of whom are well known in Industrial League baseball. This crew ought to carry off the championship honors of Bridgeport and the State with ease.

The attraction Sunday at the Meadows will be the strong White Plains semi-professionals. This team includes a number of crack players of the many independent players in and around New York. They are a hard attraction to book, considerable expense being entailed to get them here.

Another record crowd is due at West End Park when the Port Slocum Soldiers will be here. This team has here last season, giving such a good account of themselves that Manager Ritchel did not hesitate in booking them for this season.

There has been a considerable shake-up in the ranks of the West Ends, due to their unsteady playing recently. Manager Ritchel desires to give to his patrons the best there is in baseball, booking the best attractions, and presenting a team that can compete with these attractions.

The Orioles and the North Ends will play Sunday at Wheeler's lot, at 2:15 p. m.

As the booking for Sunday at the Flats, Manager O'Brien of the South Ends has secured the strong Tiger team of New Haven which has been putting everything away in that burg and about the State. Manager O'Brien has gathered a pretty nifty bunch about him to uphold the honors of Bridgeport on the field, including the following well known players: Tom

(Written exclusively for The New York Times by Edward Payson Weston.)

Wamsutter, Wyo., June 9.—The prospects for to-day's walk are not very encouraging. The wind is blowing and it is every evident it will rain again. The recent storms have put the road in bad walking shape, and for a few days at least, conditions will not change. These sudden changes and the daily drenching that I get are becoming monotonous.

The lack of proper nourishment, and at the time when I need it most, does not help matters. This can't be helped, however. I am not a victim of discouragement, but will fight to the end. I will go to bed at 3 P. M. and leave a call for 9 P. M. and will try to make a long day. My physical condition will permit any amount of walking, and I am only waiting for a chance to show it.
